

8/11/2022

IGeneX, Inc is happy to announce our new Babesia ImmunoBlot IgM and Babesia ImmunoBlot IgG tests.

Babesia ImmunoBlot IgM and Babesia ImmunoBlot IgG are being offered at the same price as the *Babesia microti* IFA (test #200) and the *Babesia duncani* IFA (test #720) until September 30, 2022.

To change your current *Babesia microti* IFA and *Babesia duncani* IFA order to an ImmunoBlot on all your individual tests, TBD panels or Co-infection panels, please check the box below.

Note: Babesia ImmunoBlots special pricing will be honored ONLY if BOTH *Babesia microti* IFA (test #200) AND *Babesia duncani* IFA (test #720) are ordered.

-
- Replace Babesia microti and Babesia duncani IFA with Babesia ImmunoBlots for THIS ORDER ONLY.

Replace Babesia microti and Babesia duncani IFA with Babesia ImmunoBlots for this order and all FUTURE orders until September 30th 2022.

Please include this form with your Test Requisition Form. You can also write your name on this form and fax it to (408) 935-8274.
